

STARZ Team Audition: 2025 Fall/Winter Season

ACCEPTING NEW TEAMMATES!

Tuition Based Pre-Professional Performance Team; Ages 10-21yrs

To apply, please choose your preferred Audition Method:

Video Submission OR In-Person Live Audition

Deadline: Thurs Sept 25

Thurs Oct 2 @ 6-7:30pm
(sign-up by Mon Sept 29)

• **Sign-up to Audition in Person at AntiGravity:**

Audition will be structured as a "multi-level class," in which students will reserve a spot to demonstrate their current abilities within a safe, instructor-led format. Students do not need to prep any performance material to attend this audition. Students will be guided through 30 mins on each of 3 standard apparatus: Silk, Lyra, and Hammock. If a student has no experience on one of these apparatus, they will simply sit out of that portion of class. Students will be scored on their technique, ability to focus and follow directions, aerial potential, body awareness, and creativity. Scoresheets will be privately shared with students once they are accepted into the program through a 15 min one-on-one meeting with the Program Director.

> Accepted students will be placed in one of three STARZ class levels, each requiring 3 weekly classes (silk, lyra, hammock), plus 1 exclusive STARZ choreography class per week. These classes take place on Tuesdays 6:30-8:30pm & Thursdays 6-8pm.

> **Online Application including Video Submission:**

Complete the Zoho Online Form (use QR code or link to access form →), and upload video links within the form. Deadline: Thurs Sept 25th.

> **New Teammates Announced:** Fri Oct 3rd. Starz must confirm their spot on the team by Mon Oct 6th.

> **'Mandatory Group Meeting'** will be scheduled for BOTH students + parents on Thurs Oct 9th (during class time @ 6pm). Missing this meeting will disqualify you from joining Starz this season.

> **Season Launch:** Required classes officially begin: Tues Oct 14th.

• **Video Submission Directions: 3 Parts**

(A.) AERIAL FOOTAGE: Record 1 minute of footage on each of the 3 standard apparatus: silk, lyra & hammock. Students should simply showcase their favorite skills in a continuous sequence, highlighting their best assets in a safe and artistic manner. *All skill levels will be considered for separate levels within this program. Multiple videos may be sent, with up to 5 minutes total footage. Footage must be current; filmed within the previous 60 days. (Please no staged/show/professional videos or costumes.)*

(B.) STRENGTH DEMO: Record the following strength skills: at least 2 pull-ups, 4-count strong hold, 2 rock-n-rolls, and 2 straight-leg v-ups (AKA: 'Level-up Combo'). Preferably performed consecutively to the best of your ability. *This strength requirement will not be a disqualifier for new students wishing to apply. Students may use modifications such as a wrist wrap or by breaking down each skill into more simplified parts.*

(C.) INTRODUCTION: Record a short introduction stating full name, age, future goals & aerial experience (whether its been at AntiGravity or elsewhere). *This can be included with in one of your other videos.*

• **Curriculum:** This program focuses on preparing students to perform professionally, which includes physical training, creative work-shopping and informational forums. Applicants will be assessed based on age, technical training, performance experience, physical strength, technique, commitment and overall talent & potential. AntiGravity's STARZ Team performs at special promo events, student shows and receives unique opportunities to participate in creative projects not normally open to regular students. This program challenges our most talented and dedicated students to reach their highest potential.

• **For questions:** Email FrontDesk@anti-gravity.com OR schedule an appointment to meet with Heather.
